Subject: American University AASHE STARS Pre-submission Review 2021

To Whom It May Concern:

I, Amy A. Butler, Director of Sustainability at Michigan State University affirm that I conducted a thorough review of the 2021 American University AASHE STARS Preview Report during February, 2021.

Ms Courtney Stoner contacted me on behalf of American University in early February to assist in their final draft review as their external reviewer. Utilizing the STARS Review Template, I have conducted both a first and second review in addition to having a review discussion after each review with the staff preparing the report. I can attest that all identified issues in the report have been resolved.

Please feel free to contact me at butle223@msu.edu or at 517-335-1571 if you have any questions or concerns. Sincerely,

Sincerely,
